### Compensation.

But! That's all tomorrow—  
Ground in the dust? What then?  
To crawl, to beg, to borrow?  
Our lot. Well, wherefore sorrow?  
Are we not God-made men?

Hope a gaud, all glitter?  
Is Fate a common cheat?  
No; any faith were fitter!  
Think, if life's cup prove bitter,  
How death will taste more sweet!  
—Harry F. Bowling.

JOHN GARNER should stop some of his ardent admirers from further boosting him for the Senate. We want him to become a necessary fixture like Congressman Smith.—Marfa New Era. The New Era forgets that the wise never hide a light under a bushel. Hurray for John N. Garner!

JOE Boehmer says "be good and you will be lonesome". Now, as Bill Easterling would say, the question of the hour is—Is Boehmer ever lonesome?—Hondo Anvil Herald. I am convinced that Hon-Jo spoke rather from observation than from experience. I have long suspected that he was watching me, Alpine Guide.

When insinuating expediency whispers its lullabys, and insolent occasions threaten to crush you with the terror of public criticism and the scorn which always falls on the head brave enough to be somebody by standing for something, to stand four square to the world requires more courage than was ever shown upon the field of battle, amid the glitter of cold steel and the rattle of musketry.—Ex.

THE more the Anvil Herald views the prospective candidates for the Joe Bailey succession the more thoroughly are we convinced that John N. Garner is the man of the hour. He is sound on those tariff principles that, in the event of Democratic ascendancy, means so much to the state and he is not entangled with any of the factions that now divide the Democracy of the state. Hurray for John N. Garner!—Hondo Anvil Herald. Viva Juan! He's a Democrat alright, alright! Devine News.

ALEXANDER sighed for more worlds to conquer and succumbed to his own vanity!—Hondo Anvil Herald. And fried ingerns.—Alpine Guide. We hate to spoil this fine anticlimax, but we have to do it because there is something wrong somewhere. We were certain that Alexander either sank because he couldn't swim the Brandywine with Washington or chose death with Patrick Henry because nobody would give him liberty. But we are glad to know that such an eminent historian as "Kuzzin Bill" wouldn't let him perish until he survived long enough to die eating ingerns with Napoleon!—Hondo Anvil Herald. You are both wrong. Alexander was the originator of the Bailey question, and it went in on him with fatal results.—Marathon Hustler.

HAND us a dollar and have this paper sent to you for one year. There will be something doing in every issue and each copy will be worth the price of a year's subscription.

## The Scrap Book

### Educated Fingers.

It is often said that a Yorkshireman is so keen after money that he will grab at it dead or alive. A certain native worked at a sawmill, and one day he met with an accident, two of his fingers being cut off and dropping in the sawdust.

Of course the man was hurried off to the infirmary, and after he was gone his mates began to look for his fingers in the sawdust, when in walked the foreman, who said:

"I say, what are you wasting your time there for? Why don't you get on with your work?"

One of the men replied:  
"That Yorkshire chap has had two fingers cut off, and we're looking for them."

"What a waste of time!" cried the foreman. "We'll soon find them."

And he threw half a crown on the floor, when up came the two missing fingers wriggling out of the sawdust to get at the money!

### Find a Way or Make It.

It was a noble Roman  
In Rome's Imperial day  
Who heard a coward croaker  
Before the castle say:  
"They're safe in such a fortress.  
There is no way to shake it."  
"On, on!" exclaimed the hero,  
"I'll find a way or make it!"

Is Fame your aspiration?  
Her path is steep and high.  
In vain he seeks her temple  
Who is content to gaze and sigh.  
The shining throng is waiting,  
But he alone can take it  
Who says, with Roman firmness,  
"I'll find a way or make it!"

Is Learning your ambition?  
There is no royal road.  
Alike the peer and peasant  
Must climb to her abode.  
Who feels the thirst of knowledge  
In Helicon may stake it  
If he has still the Roman will—  
"I'll find a way or make it!"  
—John G. Saxe.

### A Queer Name.

One of the best navy stories of the sometimes amusing mistakes of the Britisher over names in common use in the United States is told by Rear Admiral W. P. Potter, U. S. N., on duty at Washington.

"Some years ago," said Rear Admiral Potter, "the old United States steamship Ohio steamed into a South American port and anchored near a British passenger steamship. She interested the passengers of the steamship very much.

"After a little a new man came on deck and began an eyeglass inspection of the battleship. He stared at the name OHIO for several moments and then exploded.

"A 'ho' and a 'hatch' and a '10,'" he said to himself. 'Wot a 'ell of a name for a ship!'

### A New Baseball Ruling.

The umpire scouts overlooked this indicator man. The following is a sample of his work:

The Atlanta Deppens and the Birmingham Gold Dusts, negro baseball teams, were playing a strenuous game in Atlanta. In one inning the Gold Dusts had the bases full with no outs. An ebony hued batter stepped to the plate. The pitcher sent the sphere to the catcher.

"One ball," called the negro umpire. Again the pitcher got busy.

"Two balls," called the umpire. After the third ball pitched the man with the indicator shouted:

"Three balls!"

Once more the sphere went across the plate.

"Fo' balls! Yo' out!" shouted the umpire. The batter was highly indignant.

"What?" he yelled. "Me out? What yo' git dat, niggah?"

"Now, look a-head, man," said the umpire, "yo' gotta be out. Dey ain't no room fo' yo' on de bases."—Atlanta Journal.

### A Sunday In Glasgow.

Hoffmann, the famous German chemist, once related an experience he had of Scotch Sabbatarianism. In 1890 he visited Glasgow, arriving in the town late on a Saturday night. The following morning he went to call on Sir William Thompson, afterward Lord Kelvin. The doorbell was answered by a parlor maid, of whom Hoffmann asked if Sir William were at home. "Sir, he most certainly is not," answered the servant.

"Could you tell me where I might find him?" asked the professor.

"You will find him in church, sir," was the crushing reply, "where you ought to be."

### Too Late.

Years ago, when the Panhandle railroad was in course of construction, its progress was a matter of great interest to the people of the region. A farmer who sold provisions to the contractors often reached the place where the men were at work at mealtime. He was greatly impressed at their voracity. The work was hard, and when the dinner bell rang every man made a dash for the table, and before one could believe it possible the food had disappeared.

One day a workman on his way to the table tripped on the root of a tree and fell. He lay quite still, making no attempt to rise.

The farmer rushed to him in great concern.

"Are you badly hurt?" he asked.

"No," answered the man.

"Well, why don't you get up and go to your dinner?"

"No use," returned the other sadly. "It's too late now."

## The Borrowed Dollar.

Debt has been pictured by many writers as a hard taskmaster and the borrowed dollar is the most abused of currency, but it is nevertheless a development dollar, as it possesses volume and activity, two of the most important factors in our progress to a greater degree than any other form of legal tender. When in the hands of operators not familiar with its purposes and habits, it sometimes creates havoc and ruin, but it has rescued many a sinking enterprise, has performed deeds of industrial heroism and it has been the burden bearer of industry.

No man or animal possesses the active instincts of the borrowed dollar. When in bad hands it quickly returns to its owner or moves rapidly on through the channels of trade until it finds a competent hand to guide it where it can glorify its creator without being railed at by incompetent owners or incapable directory. It has fought our battles, built our cities and developed the industry and commerce of the country. During times of prosperity efforts have been made to drive it from circulation but during adversity, we send emissaries to plead for its return and it is sought after by every important enterprise in the country.

Idle dollars, like idle men, are no good to a community but the charge of vagrancy can never be made against the borrowed dollar. No one will borrow money and let it lie idle. Idleness is its mortal foe and is certain destruction. The borrowed dollar must move rapidly on its journey and return heavily laden with the fruits of its toil or it will perish. No other form of currency possesses such compelling forces of activity as the borrowed dollar.

We are already heavy borrowers. No accurate figures are available, but estimates furnished by county clerks, bankers and other reliable sources, justify the following estimate:

Farm Property	\$200,000,000
City Property	100,000,000
Public Service and Utility Corporations	400,000,000
Public Debts	100,000,000
Miscellaneous	300,000,000
	\$1,100,000,000

An effort to separate the borrowed dollar as between home and foreign proved futile, altho it is important information in this discussion.

The borrowed foreign dollar is the most constructive dollar on the financial horizon, as it combines activity and volume and brings new money into the state.

J. A. Maple, 125 S. 7th St., Steubenville, O., says: "For years I suffered from weak kidneys and a severe bladder trouble. I learned of Foley Kidney Pills and their wonderful cures so I began taking them and sure enough I had as good results as any I heard about. ## FROM THE TROPICS TO HEAL

In Central America many natives are gathering the seeds of this plant, Cedron Seed, a rare medicine that has valuable curative powers. But few drug stores carry this seed, owing to the high cost of the article.

This country is a large consumer of this costly seed because it enters into the famous catarrh remedy, Pepsin, sold the world over.

## WOMEN

Women of the highest type, women of superior education and refinement, whose discernment and judgment give weight and force to their opinions, highly praise the wonderful corrective and curative properties of Chamberlain's Stomach and Liver Tablets. Throughout the many stages of woman's life, from girlhood through the ordeals of motherhood to the declining years, there is no safer or more reliable medicine. They build up the system, restore nature to restore natural conditions, and are gentle in their action that one hardly realizes a medicine was taken. Chamberlain's Tablets are sold everywhere. Price 25c.

WERE you ever swamped? If not you can scarcely appreciate the position the Anvil Herald is in this week. To do anything like justice to our three days' Carnival and Jubilee would take all of the space usually at our disposal in the paper. Then a complete write-up of our trip to the dam site Sunday and of the mammoth undertaking there would require the facilities of a metropolitan daily to handle. On top of this there were about four thousand visitors at the carnival every one of whom is looking for this issue to contain a personal about him. In the midst of this we are trying to get out a sixty-page brief in one week's time, and no extra help to be had. And to cap the whole thing, Ramsey and Ball have butted into the political situation and are trying to get away with it while we are not looking. This thing of trying to run the universe and a weekly newspaper and keep the world off your neck is a job. If we slight any body or any thing please go tell your troubles to a policeman. We have enough of our own!

THE editor of this paper owns no interest in any other paper and no one else owns any interest in this paper. So if you want to swat this writer just keep on swatting the paper; if you want to help him keep on helping the paper. The Anvil Herald will not be guilty of double-dealing to secure any man's patronage. It will be honest with its friends and hopes its friends will be true to it.

### A Twenty Year Paint.

Would you like to hear of a 20-year paint.

Mr. James A. O'Neil's house, Henderson, N. C., was painted 20 years ago with Devoe and never painted again till last year; it then looked better than common paint in half that time.

The reason is: Devoe is all paint and true paint; while the common paints are part true and part false. Don't pay to monkey with paint.

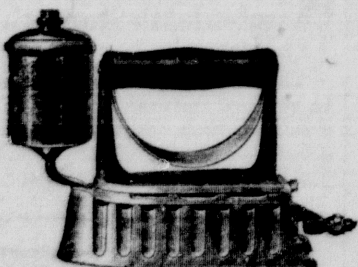

And Devoe costs less than any of 'em; not by the gallon, of course; by the house and year. That's how to reckon it. Go by the name.

### Mrs. Curry and Eversole.

It is hard to find a remedy suited to the need of children, yet Mrs. Curry of Trowbridge, Ill., and Mrs. Eversole of Hindsboro, Ill., claim to have found it, and they are naturally anxious to let the rest of the world know. They say this remedy is Dr. Caldwell's Syrup Pepsin, the great laxative, tonic and regulator. It is one of the few remedies useful to children that does not contain narcotics. It will do all that is claimed, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Bldg., Monticello, Illinois. It is sold by all dealers at 50c and \$1 a bottle.

Do not mistake your stupidity for religion;—God won't!

### A Dreadful Sight

to H. J. Barnum, of Freeville, N. Y., was the fever-sore that had plagued his life for years in spite of many remedies he tried. A great deal of foolishness is hidden by a smart saying.

### Old and True.

"For fifteen years I have constantly kept a supply of Hunt's Cure on hand to use in all cases of itching skin trouble. For Eczema, Ringworm and the like it is peerless. I regard it as an old friend and a true one." 50c per box. MRS. EULA PRESLAD, Greenfield, Tenn.

Take HERBINE for heartburn, sour belching or constipation, it cleanses and strengthens the liver, stomach and bowels. Price 50c. Sold by W. H. Windrow.

### Unredeemed Paris Pledge.

An incident not without pathos occurred toward the end of last week at a sale of unredeemed pledges at the Mont de Piété. There were sold by auction a child's drinking cup, plate, spoon and knife and fork. Fifty-one years ago these souvenirs were deposited in the Paris municipal pawnshop. Every year since the interest has been paid regularly and the right of redemption secured, but the family never seem to have possessed the necessary 15 or 20 francs to resume possession.

Evidently the poor people are either dead or have become more needy. Two years ago the interest ceased to be paid, but the department, to their credit, abstained from selling these "lures and penalties." Several letters were addressed at the last known residence and to other places where the pawnners have lived, but they have come back marked "Inconnu." The sands of the glass have run out and the objects so carefully guarded for half a century have been sold.

District Court, at the next regular term thereof, to be holden in the County of Medina, at the Court House thereof, in Hondo, Texas, on the 8th Monday after the first Monday in September, the same being the 30th day of October, A. D. 1911, then and there to answer a Petition filed in said Court, on the 5th day of September, A. D. 1911, in a suit numbered on the docket of said Court No. 1665, wherein M. S. Koch is plaintiff and the unknown heirs of Joice and Ellen O'Donovan, are defendants.

The nature of the plaintiff's demand being as follows, to-wit: That the plaintiff is the legal and equitable owner of 791 acres of land, known as Survey No. 7633, on the waters of Deer Creek, a tributary of the Frio River, about 12 miles South of the town of D'Hanis, in name of Heirs of Joice O'Donovan. Beginning at the N. E. corner of Survey No. 787, Section No. 6, for F. A. Mason, for the S. E. corner of this Survey; Thence West 1400 varas to Deer Creek 2113 varas to a stake and mound for S. W. corner of this Survey; Thence North 2113 varas crossing Deer Creek to a mound of rocks for N. W. corner of this Survey; Thence East 2113 varas to a stake and mound for the N. E. corner; Thence South 2113 varas to the place of beginning.

Plaintiff says that he has title through Deed from F. B. Webb, as agent for Ellen O'Donovan; and deed from heirs of Joice O'Donovan to D. F. Webb, dated August 2nd, 1866, conveying Certificate No. 58, Class 2nd, issued by the Board of Land Commissioners of Victoria County, for 1280 acres to the said Webb, as agent for Ellen O'Donovan, and the heirs of Joice O'Donovan, which said deed is of record in the Deed Records of Medina County, Texas, in Book A., No. 24, on pages 372 and 373. Deed from

J. M. Carnes, as Attorney in fact for D. F. Webb, to T. J. Johnson, dated September 1st, 1891, conveying the above described land, which said deed is of record in the Deed Records of Medina County, Texas, in Book A., No. 24, on pages 374 and 375. Deed from D. F. Webb, to M. E. Johnson, dated February 22nd, 1891, conveying the above described land, which said deed is of record in the Deed Records of Medina County, Texas, in Book A., No. 25, on pages 213 and 214; and a deed from T. J. Johnson and wife, M. E. Johnson, to this plaintiff, dated May 7, 1895, conveying the above described land, which said deed is of record in the Deed Records of Medina County, Texas, in Book A., No. 27, on page 488.

Plaintiff further alleges and claims that he has good and perfect title to said land and premises, under and by virtue of the Statute of limitation of three years, for the reason that plaintiff, and those under whom he claims by conveyance, have had peaceable and adverse possession thereof under title or color of title, for more than three years prior to the institution of this suit.

Plaintiff further alleges and claims that he has good and perfect title to said land and premises under and by virtue of the Statute of limitation of five years for the reason that plaintiff, and those under whom he claims, have had peaceable and adverse possession of said land and premises, cultivating, using and enjoying the same and paying all taxes due thereon, and claiming under a deed or deeds, duly registered in said Medina County, as aforesaid, for more than five years prior to the institution of this suit; Said deed from T. J. Johnson and wife to plaintiff, dated May 7, 1895, was duly filed for record in Medina County, Texas, May 11, 1895, and duly recorded in Book A., No. 27, on page 488, of the Deed Records of said County; and that all of the other Deeds hereinbefore given as constituting the chain of plaintiff's title to the above described land were filed and duly recorded in the Deed Records of said County, prior to the date of the filing and recording of the last mentioned deed.

Plaintiff further alleges and claims that he has a good and perfect title to said land and premises under and by virtue of the Statute of Limitation of ten years, for the reason that plaintiff, and those under whom he claims, have had peaceable and adverse possession of said land and premises, cultivating, using and enjoying the same for more than ten years prior to the institution of this suit.

Plaintiff further alleges claims of the defendants to the Patent to said land having been made by the State of Texas, being Number 61, Vol. 9, July 6th, 1876.

Plaintiff brings this suit for the purpose of determining the estate, interest, if any, of each and all of the heirs of the said Joice O'Donovan, in, in and to said land; and Court may grant the title to any and all claim or claims or claims of said defendants or claiming under them so as to decree of Court the title to and to remove all cloud therefrom.

Wherefore, plaintiff prays defendants, the names and residences of whom are unknown, be cited by publication, and that upon a final hearing of this case judgment and decree of Court, declaring and adjudging title to the above described premises to be in plaintiff free and all claims in favor of said defendants or any of them, or of any claiming under them, and for legal or equitable relief, general or specific, may be justly entitled.

HEREIN FAIL NOT. And before said Court, on the 30th day of the next term thereof, with your endorsement thereon, showing how you have executed the same, and the date of said Court, at office in Hondo, this, the Sixth day of September, 1911. Issued same day.

ATTEST: Clerk District Court, Medina Co.

## HERBINE For the Bowels

A Cure for Chronic Constipation, Torpid Liver and Irregular Bowel Movements.

Constipation is the most common disorder of the bowels. It affects both sexes and all ages but is more prevalent among women because their duties in the household require less physical exercise than the occupations of men; therefore women suffer most from its baneful effect. A constipated person is an easy victim when exposed to any serious disease—Pneumonia, Typhoid Fever, Malaria, Rheumatism, Small Pox, Yellow Fever and Bright's Disease gather their annual harvest of death among those who are habitually constipated. Even though they escape these diseases, such persons are always ailing more or less. They have headaches, bad digestion, dizziness, vertigo (blind staggers), sallow complexion, flatulence, loss of strength, and no energy at all. Herbine has a most admirable effect in the bowels; it is cooling, purifying and regulating. It puts a prompt check on biliousness, wind in the bowels, nervousness, heartburn, bad breath, low spirits, drowsiness in the daytime and nervous wakefulness at night.

### Foley's Kidney Remedy (Liquid)

Is a great medicine of proven value for both acute and chronic kidney and bladder ailments and for annoying urinary irregularities. It is especially recommended to elderly people for its wonderful tonic and reconstructive qualities, and the permanent relief and comfort it gives them. L. McConnell, 117 Catherine St., Elmira, N. Y., says: "Five bottles did the work for me most effectively and beyond doubt Foley's Kidney Remedy is the most reliable kidney medicine ever made." Willmann & Martin.

### Gray Hair.

Hair should be allowed to grow gray naturally. All dyes made of mercury or lead are dangerous and destroy the beauty and color of the hair. Let us gracefully accept the snowy locks of age. They harmonize with the face which has been changed by time and sorrow. Many faces are softened and beautified by white hair. It is more graceful and dignified not to attempt to repair the ravages of time.

### Howdy!

How's your liver? If not in first-class condition, doing full duty and giving entire satisfaction Simmon's Liver Purifier will fix it so you'll think its gone—its troubles will be gone. Put up in tin boxes only. Price 25c per box.

### Not A Word Of Scandal

marred the call of a neighbor on Mrs. W. P. Spangh, of Manville, Wyo., who said: "she told me Dr. King's New Life Pills had cured her of obstinate kidney trouble, and made her feel like a new woman." Easy, but sure remedy for stomach, liver and kidney troubles. Only 25c at W. H. Windrow's.

### Hint for Housewife.

Said the head of the crockery and chinaware department: "Every day we have to test pitchers with water to prove that liquids will not run back from the pitcher's mouth. If the housewife will only make sure to get a pitcher whose mouth curves down slightly she will have no trouble."

### No Others

It is a class to itself. It has no rivals. It cures where others merely relieve. For aches, pains, stiff joints, cuts, burns, bites, etc., it is the quickest and surest remedy ever devised. We mean Hunt's Lightning Oil. 50c and 25c bottles.

### Rainmarks.

Rainmarks upon clothes may be removed by placing a clean damp cloth upon the material and pressing with a moderately warm iron.

For bowel complaints in children always give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil. It is certain to effect a cure and when reduced with water and sweetened is pleasant to take. No physician can prescribe a better remedy. For sale by all dealers.

### Watch the Small Things.

Grand temples are built of small stones, and great lives are made up of trifling events.

As usually treated, a sprained ankle will disable a man for three or four weeks, but by applying Chamberlain's Liniment freely as soon as the injury is received, and observing the directions with each bottle, a cure can be effected in from two to four days. For sale by all dealers.

### Wanted His Disguise.

A man who traded horses with a Quaker went to him a few days later and said: "You beat me in that trade." "Well, what does thee want me to do? Does thee want me to trade back?" inquired Broadbrim. "Oh, no; not at all. I just want you to lend me your hat for a few days, till I trade with somebody else."—Ram's Horn.

### Good for Biliousness.

"I took two of Chamberlain's Stomach and Liver Tablets last night, and I feel fifty per cent better than I have for weeks," says J. J. Firestone of Allegan, Mich. "They are certainly a fine article for biliousness." For sale by all dealers. Samples free.

### Bootless Opposition.

## The Carnival.

Hondo's three days Carnival and Jubilee came to a close Saturday and demonstrated beyond a doubt one thing—that, with an indefatigable worker like W. B. SoRelle to manage it, a fair can be made a success in Hondo.

Large crowds attended each day and all seemed to find something to interest them.

The opening parade on Thursday was possibly the most attractive feature and eclipsed the expectation of every one.

In this feature, Albert Neumann took first prize of \$5.00 for best decorated vehicle, having his buggy decorated with poppies. The second prize went to the Rothe children for a buggy, and the third to P. Jungmann for his auto. D. B. Martin's General Hal took first prize as the best horse, Albert Pichot's two-year old filly took second prize and Miss Annie Callahan was awarded the blue ribbon as the best cowgirl. August Stiegler was awarded the first prize for best match team, Henry Stiegler for best stallion and Joe Schmidt for best bull, a beautiful red-poll.

In the live stock exhibit, H. B. Taylor's cow took first prize as best milk cow and X. Wantz's 4 and 5 months old calf took first for best calf, it weighing 380 pounds. Mrs. Tom Heath secured first prize for best hen in the poultry exhibit and Albert Pichot first for the best tom turkey. The baby girl of Mr. and Mrs. Robert Decker was awarded the prize in the baby show. Other minor prizes and blue ribbons too numerous to mention were given in the various departments.

In the auto races Saturday there were five entries. P. A. Nordmark took the cup with Claude W. Gilliam's Stoddard-Dayton car, making the 20 mile run in thirty minutes. Dr. W. H. Smith was second best in his Hudson Runabout.

Base ball was a regular feature of each afternoon, but Hondo's team played in bad luck, going down in defeat before the soldiers of the 22nd infantry, the Sabinal team and the Bandera team.

A grand dance at the Auditorium closed each evening's entertainment, the music for this as well as for the grounds being furnished by Ayala's Mexican Band.

Everything passed off smoothly and good naturedly, no disturbances and only two minor accidents occurring to mar the event. Dare Devil Dick in attempting to make his leap for life on the first night caught a hard fall from one of his skates breaking but was not hurt. And on Saturday evening after the stump-roping, John Callahan was caught in his rope and dragged half across the grounds by his horse before the rope broke and released him. He was painfully bruised but not seriously hurt and was out in a few days.

As a financial success no one made a fortune out of it but its promoters are satisfied so far as we have learned. Considering the shortness of the time in which it was gotten up and the further fact that the work developed almost entirely upon one or two men, the result is indeed creditable.

## A Trip To The Damsite.

The County Officials of Medina County and a number of others were the guests of the Medina Irrigation Co. at the Damsite Sunday. The party assembled at Dunlay where they were placed aboard a car on the new railroad and transported to the dams site. The road is a remarkable feat of engineering skill and is smoother and better than some regular roads that we have traveled. At the dams site, we were shown over the grounds, and through the different departments and had all of the points of interest explained to us by experts who are in charge. The whole place has the appearance of a very busy, orderly and well arranged little manufacturing city. We were particularly impressed with the sanitary precautions that have been taken to preserve the health.

At noon a sumptuous dinner was served in the Company's mess room and the way provisions disappeared proved that the open air ride in the Company's "Pushman" had given the guests a good appetite.

After the dinner, the party spent the time looking over the plant and inspecting the powerful machinery that is being placed to handle the construction work proper which is to begin within the next few weeks. The return trip was made in about an hour and twenty minutes to Dunlay, in time for the San Antonio party to catch the east bound train home.

The managers of the Company's works are a courteous and affable set of men and did all they could to make the trip pleasant, interesting and instructive. On behalf of others as well as ourself, the Anvil Herald extends them the thanks of the delegation for their courtesy.

## D' Hanis Dots.

BY TWISTER.

ED. ANVIL HERALD:—

On last Saturday night as Meda Batot, the 12 year old daughter of Henry Batot, was going to the well for a bucket of water, she encountered "a rattler". She gave the alarm, and Mr. Batot and his guests who were sitting on the front porch at the time, ran immediately to the rescue. By means of lamps and lanterns, the rattler was discovered in a small outhouse about 20 ft. from the rear porch, coiled and ready for battle. Mr. Batot quickly dispatched his snake-slayer with his shot gun. It measured 4 ft. and had 10 rattles.

Dr. and Mrs. Roller spent Saturday night and Sunday as the guests of Mr. Henry Batot and family.

Miss Mabel Ford, the former teacher of the primary department of the D' Hanis School, will spend Saturday and Sunday as a guest of Mr. and Mrs. Roller.

Mr. Joe Finger who has been engaged in having a well drilled on his ranch 7 miles south of town found a plentiful supply of water on Tuesday evening at the depth of 435 feet. Mr. Finger expresses his determination of going 75 ft. further in the hopes of increasing this supply.

For the first time in the history of years, the Seco River is entirely dry. Wells are being dug by the people along its banks to water their stock.

The drouth still continues, the cattle are dying daily on the neighboring ranches for want of water and food.

The children of the Presbyterian Sunday School will give a free entertainment on the night of Oct. 1st in the Presbyterian church. Every body invited.

Miss Donna Alexander of Sabinal was a guest of Mr. and Mrs. Roller during the past week.

The graded School of this place is progressing nicely. The pupils are taking a deeper interest and Dr. Roller says "this will be a banner year."

## Doctors Afraid To Give Calomel

After-Effects Uncertain and Often Dangerous. Dodson's Liver-Tone a Mild Medicine, Takes Its Place.

The use of calomel has been stopped in thousands of homes. Dodson's Liver-Tone, a pleasant, vegetable liver tonic that is a perfect substitute for calomel in curing constipation and biliousness, is taken instead. Dodson's Liver-Tone is absolutely harmless and its use is not followed by nausea and another attack of constipation as often happens after taking calomel. W. H. Windrow's drug store has sold so much Dodson's Liver-Tone and it has been so satisfactory wherever taken, that they guarantee to give any person his money back if he does not find it a perfect substitute for calomel. No restriction of habits or diet is necessary.

## Upper Hondo.

BY LILLY

ED. ANVIL HERALD:—Our little burg was represented at the Fair by Louis Sprott, Jos. Trevatt and Julius R. Marquis. Julius says the fairest thing he saw at the fair was a fair young lady.

Louis Sprott lost something at the fair grounds but he will not tell what it was. We know it was not his purse for he still had that when he returned. He must have lost his heart to some young lady.

Mrs. Chas. Pressler and son, Chas. Jr., from Comfort, are visiting Mr. and Mrs. Ernst Pressler.

Mrs. Jacob Breiten and Mr. and Mrs. Albert Mumme were visiting Mr. and Mrs. Alex Marquis Saturday and Sunday.

The rain for the last few days has been spotted, (we do not mean to say that the rain had spots on it) but it rained in some places while it missed others.

It is still very dry and rain is badly needed, as water is getting very scarce.

Cotton and corn will soon be gathered and the farmers would be ready to prepare their land for next crop, if the weather man would send us some rain.

Mr. and Mrs. Schiele were at Hondo one day last week.

Our school will commence on the first Monday in October. We hope all the children can attend from the first day and continue through the term so we can have a good and successful term of school.
